# 1:50 Scale New Cat® 24 Motor Grader

**NEW  
FOR 2018**

## Cat® 24 Motor Grader

Drawing on the heritage of M Series Motor Graders, the new Cat® 24 Motor Grader delivers high performance for building and maintaining mine roads. The 24 ft (7.3 m) moldboard is ideal for mines that run trucks rated at more than 200 tons payload.

A new modular design means components can be removed and installed up to 70 percent faster. The Cat C27 engine delivers 535 hp (399 kW) net power and, combined with a 21 inch, six-speed planetary transmission, extends target power train rebuild intervals by up to one-third over previous machines.
