Tonkin Replicas press release

Introducing 568 Forest Machine

Tonkin Replicas is proud to announce the production of the 568 Forest Machine. This scale model promises to be very spectacular with its hydraulic thumb. Other features include metal tracks and a tilting cab. This scale model will be produced in 1/50 scale and available this summer.

Information about the company

Tonkin Replicas is based in Seattle, WA. Since 1970, Tonkin Replicas has built diecast model trucks for all major North American truck OEM's. They sell their customized models to trucking companies, OEM dealers, industry suppliers, and they count some of the worlds' largest transportation companies as their customers. Tonkin Replicas has been a Cat licensee since 2012. Tonkin Replicas opened a new site in Europe on July 1st that is responsible for the sale and distribution of the Tonkin range in the EAME territory.
